

II. Remarks

Reconsideration and allowance of the subject application are respectfully requested.

Claims 2-13 and 23-32 are pending in the application. Claims 2, 23, and 32 are independent. Applicant gratefully acknowledges that Claim 2 was previously allowed, but was amended in the March 1, 2006 Amendment.

Cancelled Claims 1 and 14-22 will be prosecuted in three divisional applications filed concurrently herewith.

Applicant has added new Claims 23-32 to afford himself a scope of protection commensurate with the disclosure. The new claims are fully supported in the specification and Drawings (e.g., see Figs 25A-35C; and pages 30-34 of the specification), and are believed to be allowable for the reasons to be developed below.

New independent Claim 23 is based on Claim 2, but adds the feature that the display control means causes display of the options *by scroll*. New independent Claim 32 is also based on Claim 2, but is written in somewhat more conventional US patent claim format. Applicant respectfully submits that the new claims are allowable for the same reasons that Claim 2 was previously found allowable.

In view of the above, it is believed that this application is now in condition for allowance, and a Notice thereof is respectfully requested.

Applicant's undersigned attorney may be reached in our Washington, D.C. office by telephone at (202) 625-3507. All correspondence should continue to be directed to our address given below.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Richard P. Bauer", written over a horizontal line.
